APPENDIX B: GIS Attribute Definitions

TERM	DEFINITION
Condition	Condition of resource (i.e. Excellent, Good, Fair, or Poor)
Cross_Stre	Cross Street for resource location, where needed
ID	Unique number assigned to each resource
Integrity	Historic Integrity (i.e. High, Medium, or Low)
Interp	Notes whether the resource is interpreted or offers programming or interpretation for the public about the Civil War era. [Note: All historical markers and monuments, since they are readily visible to the public, were considered to be interpreted.]
Known_Also	Additional site names, where appropriate
Multi_St_N	Address ranges, where appropriate
Notes	Additional information, where available
NR_Listed_	Notes whether the resource is listed in the National Register or is a National Historic Landmark.
Present_	Indicates whether the resource is still present or whether it been demolished or otherwise removed.
Related_Th	Related Historic Theme. (i.e. Abolition/URR, Architecture, Commemoration, Industry/Manufacturing, Medicine, Military, Minority Experience, Politics, or Transportation) Primary theme is listed first.
Resource_T	Resource Type. (i.e. Building, Cemetery, Collection, Grounds, Marker, Monument, or Mural) Primary type is listed first.
Site_Name	Historic name of resource
Street_Nam	Current street name where the resource is located. Previous street names, where street names have changed, are given in notes section.
Street_Num	Building address number
Web_Site	Web site address, where available
